LIEUTENANT GOVERNOR

JENNIFER DAVIS CAREY
DIRECTOR, CONSUMER AFFAIRS
AND BUSINESS REGULATION

LINDA RUTHARDT
COMMISSIONER OF INSURANCE

February 17, 2000

To the General Court and the People of the Commonwealth:

Calendar year 1999 was a very busy one for the Division. Staff continued to serve the Commonwealth's citizens willingly and effectively.

Even though we were among the first state insurance regulators in the nation to ask licensees for assurance that their critical computerized systems would not experience catastrophic failures due toY2K non-compliance, we still had a significant work load in 1999. There were on-site audits of most domestic insurers as well as follow-up meetings to review corrective actions and contingency planning. There was also time to assure ourselves that insurers headquartered in other states, but with a significant market presence in Massachusetts, were also ready with contingency plans.

The Division also replaced a non-Y2K compliant system that was used for most of the agency's licensing functions.

The following report discusses the year's work. Should you have any questions or comments, please let us know.

Sincerely,

Linda L. Ruthardt
Commissioner of Insurance

Financial Surveillance & Company Licensing

Financial Surveillance monitors the financial solvency of all domestic and foreign (domiciled in another state) insurance companies. There are currently over 1,300 insurance companies licensed or authorized to transact insurance business in the Commonwealth. Included in this number are life insurers, property & casualty insurers, HMOs, fraternal benefit societies, title insurers, surplus lines insurers, reinsurers, etc.

From June 1997 through the present, Financial Surveillance worked with the domestic insurance industry to ensure compliance with Y2K issues. The staff also monitored Y2K compliance efforts of all foreign insurers that wrote over $ 25 million in premium in the Commonwealth.

The Company Licensing staff is responsible for the review and processing of all applications from insurance companies seeking to obtain or amend licenses to transact insurance business in the Commonwealth. During 1999, there were thirty-five newly licensed insurance companies. Thirty-three companies received approval to amend their licenses.

The Financial Surveillance & Company Licensing staff also processes license certifications, annual statement filings and manages other revenue collections that resulted in over $475,000 in collected revenue in 1999.

Financial Examination

Examinations

Financial Examination plays a vital role in monitoring the solvency of insuring organizations chartered in Massachusetts especially through on-site audits of domestic licensees. In 1999, Massachusetts was the domicile of sixty-one property/casualty insurers, nineteen life, accident and health insurers, two title insurance companies, eleven health maintenance organizations, three lodge fraternal organizations, three medical service corporations, twenty-five workers' compensation self insured groups, a

in 2014

https://archive.org/details/divisionofinsura00mass

number of residual market pools, (e.g., FAIR Plan and Commonwealth Automobile Reinsurers), and over two hundred fraternal benefit societies.

The statutory requirement for most insurance company examinations is every five years, two years for HMOs, three years for self-insured workers' compensation groups, three years for medical service corporations, (e.g., Blue Cross/Blue Shield of Massachusetts), and three years for fraternal organizations. The examination schedule may be accelerated if regulatory needs arise.

In 1999, Financial Examination completed examinations of fourteen insuring organizations including four property/casualty insurers, seven life and health insurers, one lodge fraternal organization and two health maintenance organizations. Those companies produced $8.8 billion in premium nationwide, including over $3.5 billion in Massachusetts. Twenty-six insurance examinations were in progress at year's end, representing $5.5 billion in premium nationwide and $4.5 billion in Massachusetts. In addition, the unit conducted 36 fraternal benefit society examinations.

Revenues

Companies other than fraternal benefit societies undergoing examination by Division employees are charged $220.00 per day per examiner plus expenses. For the fiscal year ended 1999, revenues were $651,000.

Special Brokers Tax Collection

Financial Examination collects state taxes on the excess and surplus lines business written by special brokers licensed in Massachusetts. Collections in calendar year 1999 totaled $7.8 million.

Market Conduct

Market Conduct includes Consumer Services and Special Investigations and Enforcement. In 1999, its responsibilities and progress included:

- The completion of two comprehensive market conduct examinations involving life insurance companies;
- The continuing work of target market conduct examinations involving public fire adjusters, workers' compensation, improper sales practices and a multi-state market conduct examination involving credit disability;
- The oversight of two alternative dispute resolution projects;
- Monitoring the implementation of settlements of insurance class action lawsuits involving allegations of improper sales and marketing to ensure that settlements are implemented in a manner that is fair to Massachusetts consumers;
- Negotiating settlement of enforcement cases and preparing and presenting enforcement cases that go to hearings;
- Reviewing substantive enforcement decisions from 1976 to the present;
- Researching and evaluating requests for permission to be employed in the insurance field by persons required to seek such permission pursuant to the federal Violent Crime Control and Law Enforcement Act of 1994.

Special Investigations & Enforcement

The Special Investigations staff pursues allegations of misconduct by Division licensees including agents, brokers, advisors, adjusters, insurance companies and health maintenance organizations. These investigations entail the interviewing of victims and witnesses, the questioning of suspected perpetrators and the review of documentary evidence supporting allegations of unfair methods of competition, unfair and deceptive acts or trade practices and other violations of insurance law and regulations. Referrals come from the general public, other state and federal investigative and prosecutorial agencies as well as other sections within the Division of Insurance.

When warranted, enforcement counsel prosecute matters following thorough investigative efforts. Enforcement actions include letters of reprimand, cease and desist orders, the establishment of compliance programs, license sanctions such as revocation or suspension and the imposition of civil fines or assessments through negotiated settlements or administrative hearings. Special Investigators or enforcement counsel make referrals to agencies of the federal and state government and report evidence of criminal activity to the appropriate law enforcement authority. Enforcement actions are also reported to the National Association of Insurance Commissioners Regulatory Information Retrieval System.

In 1999, Special Investigations and Enforcement:

- Opened 286 cases.
- Closed 287 cases, resulting in $1,065,230 in fines and assessments, $1,404 in surplus lines fees, $198,443 in restitution and 21 license revocations.
- Referred 124 cases for enforcement action.
- Was certified by the Criminal History Systems Board as a criminal justice agency, permitting access to criminal offender record information from any approved criminal justice agency.

Consumer Service

The Consumer Service staff responds to inquiries and assists consumers in resolving complaints against insurers, agents, brokers and other licensees. In addition to providing consumers with general insurance information, Consumer Service also advises consumers of their options under their policies, state laws and regulations. In 1999, the staff resolved 4,462 written complaints and recovered $1,403,040 for consumers.

Consumer Service maintains a database that lists all complaints and inquiries received. The complaint log may indicate patterns of unfair, deceptive or abusive insurance practices by an agent, broker, insurance company or other licensee. When appropriate, information is referred to Special Investigations & Enforcement for further action. "Slowpay" patterns and other questionable industry trends are brought to the attention of the Division's Financial Surveillance staff as these may be early indicators of liquidity or solvency problems.

Recovery: the total amount of money received by consumers who have requested intervention.

Board of Appeal on Motor Vehicle Liability Policies & Bonds

Massachusetts General Laws Chapter 26 section 8A established the Board of Appeal to hear appeals of:

- Motor vehicle accident surcharges issued in accordance with the Massachusetts Safe Driver Insurance Plan (M.G.L. c. 175 §§ 113B, 113P),
- Decisions of the Registrar of Motor Vehicles (M.G.L. c 90 § 28) and
- Automobile insurance cancellations (M.G.L. c. 175 § 113D).

In 1999 the Board conducted:

- 29,892 appeals on SDIP surcharges
- 3,948 appeals on RMV actions
- 142 appeals on automobile insurance cancellations,

In 1999 the Board generated revenues of:

• $747,300	from surcharge appeals filed
• $98,700	from RMV appeals filed
• $2,756	from record certification fees
• $100	from tape duplication fees
$848,856	Total Revenue for 1999

The Safe Driver Insurance Plan (SDIP) is mandated by state law to establish classifications of risks to fairly reflect the driving records of insureds and adjust premiums based in part on at-fault accidents. The Plan encourages safe driving by rewarding drivers who do not cause accidents or incur traffic law violations with a credit to their automobile insurance premiums, and discourages unsafe driving by requiring high-risk drivers to pay a greater share of insurance costs. Massachusetts, unlike many comparable jurisdictions that afford no or limited due process rights, provides the right to a hearing before an impartial hearing officer of the Board.

The "Documentary Review" process is now the subject of a pilot project, implemented across five automobile insurance companies. This pilot is being coordinated with the cooperation of C.A.R. This process allows for document submissions by appellants and insurers alike. The process permits the Board to review and decide those cases that can be favorably determined on behalf of the appellant without the need of an in-person hearing. The pilot will be expanded to include additional companies and then, if successful, will be implemented industry wide.

The Attorney General's Office has appointed the attorneys on the Board as Special Assistant Attorney Generals for the purpose of representing the Board in Superior Court.

Appeals from actions of the Registrar of Motor Vehicle are heard in Boston, Springfield, Marlborough and Plymouth. They are conducted by a three member Board, consisting of a representative of the Registrar of Motor Vehicles, the Attorney General and the Commissioner of Insurance. These appeals reflect suspensions ranging in duration from thirty days for three speeding tickets in 12 months to lifetime suspensions for multiple Operating Under the Influence convictions and/or Motor Vehicle Fatalities. In an effort to provide greater efficiency and consumer convenience, the Boards' RMV appeals operations are scheduled to relocate to the RMV at 630 Washington Street, Boston in early 2000.

State Rating Bureau

The State Rating Bureau (SRB) serves as a consumer advocate in hearings on the appropriateness of rates filed by auto, workers' compensation and health insurance carriers, including Blue Cross and Blue Shield of Massachusetts. The SRB is staffed by actuaries, mathematicians, policy review analysts, researchers, attorneys and support staff. The SRB also reviews life, health (including Medicare Supplement), property, liability insurance policies and rates, as well as HMO and PPA applications for compliance with applicable laws and regulations. The SRB provides technical advice to the Commissioner on oversight of the auto, workers' compensation, health and other insurance markets.

Following is a summary of the SRB's major activities and accomplishments in the course of carrying out its responsibilities in 1999:

Private Passenger Automobile

- Reviewed and approved 2,209 auto insurance group marketing discounts off 1999 rates under M.G.L. c. 175, section 193R, which are available to over three million eligible members. Disapproved 41.

- Participated in numerous hearings regarding private passenger automobile insurance rate deviations sought under M.G.L. c. 175, section 113B.

- Litigated numerous issues in the hearings for 2000 private passenger automobile insurance rates with the Automobile Insurers Bureau (AIB), involving underwriting profits, losses, expenses and cost containment.

- Litigated then negotiated a global settlement of the 2000 private passenger automobile insurance rate case, resulting in savings to consumers of approximately $215 million in premium.

- Overall, private passenger automobile insurance rates were cut from the (7.8%) increase requested by the AIB and the agents' (0.1%) increase to a 0.7% average statewide increase for 2000.

Workers' Compensation

- Litigated issues arising from a general rate revision filing submitted by the Workers' Compensation Rating and Inspection Bureau. The decision on these issues resulted in an average rate decrease of 20.3% with no surcharge for assigned risks.

- In response to a regulation promulgated by the Division of Medical Assistance that made all users of Personal Care Attendants employers for purposes of workers' compensation, the SRB created a new industrial classification, including a payroll-based rate.

- Issued new guidelines for the filing of downward rate deviations and schedule credit programs in order to facilitate continued rate competition in the workers' compensation insurance market.

- Promulgated several changes to the Unit Statistical Plan.

- Reviewed and acted upon numerous individual company and self-insurance group deviation and schedule credit filings, as well as general form, large deductible, excess, dividend and Preferred Provider Arrangement filings. Devised and implemented a new database for tracking workers' compensation filings.

Health

- Revised regulations for long-term care insurance and accelerated death benefits within life insurance policies. Developed comprehensive consumer guide "Your Options for Financing the Cost of Long-Term Care: A Massachusetts Guide." Completed review of new long-term care products to ensure that products were available for sale beginning on January 1, 2000.

- Represented consumer interests in litigation of Medicare Supplement rate requests for Bankers Life, Bankers Multiple Line, Hartford Life and United HealthCare (AARP). Coordinated entry of Allianz Life and Oxford Life into Medicare Supplement market.

- Met with federal and state representatives to monitor the availability of HMO products for Medicare beneficiaries. Scheduled open enrollment periods for consumers whose HMO terminated its Medicare contract, revised the Medicare Supplement regulation to assist carriers in scheduling new open enrollment periods for affected consumers and assisted consumers in learning about their rights to obtain coverage from other insurance carriers.

- Expanded consumer information available on Division's website to include Medicare Supplement, nongroup and small group plans. Developed new lists of approved individual disability income, accident only and dental expense policies in order to inform consumers about their choices in the market.

- Met regularly with representatives from the federal Health Care Financing Administration (HCFA) to discuss joint responsibility over regulation of the nongroup and small group health insurance markets.

- Developed comprehensive statistical reports on membership in HMOs, preferred provider, small employer group, Medicare Supplement and closed nongroup plans.

- Provided support to the operations of the Managed Care Ombudsman Office, which assists consumers in the use of their managed care plans.

Medical Malpractice

- Monitored progress of the Massachusetts Medical Malpractice Reinsurance Plan (MMMRP) through attendance at meetings of the Governing Committee and review of proposed amendments to the MMMRP Plan and Rules of Operation.

- Continued to monitor market changes resulting from the implementation of Chapter 330 of the Acts of 1994. Reviewed numerous rate and form filings for compliance with Massachusetts law and advised companies of their rights and responsibilities under the MMMRP.

- Assisted consumers with questions regarding the medical malpractice insurance marketplace. Conducted legal and technical research on issues relating to the operations and authority of the MMMRP, policy and rate provisions in insurers' filings and amendments to Chapter 330 of the Acts of 1994.

Policy Form and Rate Review

- Completed the review of 7,181 life and property & casualty insurance filings (consisting of 2,047 rate filings and 5,134 form filings), along with 285 health insurance filings for a total of 7,466.

- During the first half of fiscal year 2000, policy form filing fees generated income of $170,355 and rate form filing fees generated income of $140,250 for total revenues of $310,605. Total revenue for calendar year 1999 was $693,810.

Other Property & Casualty

- Registered 41 new risk purchasing groups and renewed the registrations of 219; registered 3 new risk retention groups and renewed the registrations of 40.

- Completed annual report examining the current state of the homeowners' insurance market as required by Chapter 93 of the Acts of 1996.

- Reviewed proposed rates submitted by the Massachusetts Property Insurance Underwriting Association (the MPIUA, also known as the "FAIR Plan") for homeowners' insurance. Negotiated significant rate reductions with the MPIUA and entered into a stipulated agreement that was approved by the Commissioner.

Hearings & Appeals

As administrator of the insurance laws, the Commissioner of Insurance must conduct hearings on a wide range of issues, including statewide insurance rate cases, actions taken by the Division against its licensees and administrative appeals. These matters can significantly affect Massachusetts consumers and businesses and are the top priority of the Hearings & Appeals staff.

In 1999, hearings were held on over 105 cases in Boston, Holyoke and Pittsfield. Rate hearings were held on private passenger automobile insurance and individual insurers' applications to deviate from fixed and established rates, commercial automobile insurance, workers' compensation insurance, homeowners insurance available through the FAIR Plan and Medicare supplement insurance. Hearings were also conducted on matters relating to changes in financial control and structure of domestic insurers, including the approval of the proposed plan of reorganization of John Hancock Mutual Life Insurance Company to convert from a mutual company to a stock company.

The Commissioner's decisions on statewide insurance rates may be appealed directly to the Supreme Judicial Court (SJC). In 1999, Automobile Insurers' Bureau of Massachusetts (AIB) and the Alliance of American Insurers appealed the decision on the 1999 private passenger automobile insurance rates. The SJC upheld the Commissioner's decision on each issue raised on appeal, and specifically found that the Commissioner could properly apply a negative inference to the evidence offered by the AIB as a sanction for non-compliance with a discovery order.

The Board of Review in Insurance, comprised of designees of the Commissioner, the Attorney General and the applicable Board of Registration, hears petitions brought against medical or dental service corporations. The administrative hearing process offers a flexible alternative to litigation and allows participants to benefit from the Commissioner's expertise.

Hearings and Appeals staff maintain all official records of cases before the Division and ensure prompt public access to those records. In 1999, all records were organized and secured for the Division's relocation and Y2K backup plans were implemented to ensure the continued integrity of records. The Docket Clerk responded to approximately 500 requests for information and assisted with approximately 125 in-house reviews of information by consumer and industry representatives. Hearings and Appeals staff provides notice of upcoming public hearings and posts these notices on the Division of Insurance website.

Office of the General Counsel

The Office of the General Counsel provides legal support, advice and assistance to the Commissioner, Division staff, legislators, other state agencies, consumers and the insurance industry. Staff attorneys are responsible for researching and drafting advisory opinions, bulletins and regulations concerning the interpretation and implementation of insurance laws; analyzing insurance-related legislation; and frequently serve as hearing officers in administrative proceedings. Staff attorneys are also required to possess general knowledge of non-insurance laws which affect the Division, such as the Administrative Procedures Act and the Public Records Law.

In 1999, members of the Office of the General Counsel worked on a variety of insurance company transactions including acquisitions, asset allocations and reorganizations. Staff assisted in the development of new Division policy on emerging issues such as licensing, reinsurance, electronic commerce and solvency regulation, and continued to coordinate the various ongoing domestic and ancillary receiverships. Attorneys also dealt with issues in connection with various residual markets for insurance in Massachusetts, and worked closely on the defense and prosecution of various actions in state administrative and judicial forums, as well as in federal court, in conjunction with the Office of the Attorney General.

Administration

The Administration section is responsible for a variety of functions relating to the internal operations of the Division of Insurance. Working closely with the Administrative Services Unit of the Executive Office of Consumer Affairs & Business Regulation, Administration staff administer spending and hiring plans, purchase commodities and services, process accounts receivables and billables and provide general operational functions, such a reception, mail processing and courier services. In FY99, the department collected $52,274,327 in revenue for the Commonwealth's General Fund, and administered a budget of $8,964,993.

In the summer of 1999, after nearly 2 years of planning and coordinated efforts, the Administration Department, the MIS Department and the Division's Move Committee successfully completed the relocation of the agency to new space without interruption to customer service. The new office at One South Station is located adjacent to rail, subway and bus commuter services, which enhances convenience for the thousands of people who visit the agency each year.

Management Information Systems

The Management Information Systems (MIS) section provides technology infrastructure and implements technology solutions to facilitate, promote and assist Division personnel with achieving insurance regulation goals. The staff is committed to utilizing technology to increase efficiency and productivity.

MIS provides technical service and support to all sections of the Division. The staff is responsible for the day to day operations of the Division's telecommunication system, local area network, PCs, licensing applications and data connections to the wide area network, the statewide mainframe and the National Association of Insurance Commissioners.

In 1999, MIS committed to developing and implementing year 2000 compliant systems to ensure a smooth transition and continuity of operations into the next millennium. Achievements included:

- Migration from a non-compliant Wang VS system to a client server platform for licensing applications.
- Development of relational database to track consumer complaints. The system is comprised of three major components: call logging, correspondence logging and compliant registration and tracking.
- Application of several Year 2000 patches to operating systems and application software.
- Testing of all systems. At a minimum, the following dates were included: 09/09/1999, 01/01/2000, 02/29/2000, and 12/31/2000.
- Coordinating the development of business continuity plans to document the steps necessary to resume normal operations and to provide delivery of service in the event of Y2K-related systems failure.
- Identify key indicators that determined Division's operational readiness for 1/3/2000.

Agents & Brokers Licensing

Agents & Brokers Licensing staff issues licenses to qualified individuals, corporations, limited liability companies and partnerships as agents, brokers, advisers, public fire loss adjusters and reinsurance intermediaries. Responsibilities include monitoring the continuing education compliance of licensees and reviewing applications to ensure compliance with the Massachusetts General Laws, maintaining the Division's licensing database and responding to hundreds of licensing inquiries weekly from insurers, licensees and consumers on a weekly basis. Since passage of Chapter 129 of the Acts of 1998 and 211 CMR 142, the Division has issued thirteen licenses to banks allowing the sale of insurance products. Licensing requests warranting a written response are generally replied to within 10 business days.

There are currently over 180,000 agent licenses and 15,000 broker licenses active in the Commonwealth. Fiscal year 1999 licensing activity generated $9,305,947 in revenue for the Commonwealth's General Fund.

Resolutions, Acts, Regulations & Bulletins

Resolutions

There were no Insurance-related Resolutions passed by the Great and General Court in 1999.

Acts

The following legislation was enacted between January 1, 1999 and December 31, 1999.

Chapter 61
An Act Relative to NonGroup and Small Group Health Insurance Products (HB 4666).
This law maintains the current rate band for both small group and nongroup health insurance markets at a 2 to 1 ratio. This means that within similar geographic areas, a carrier cannot charge its highest paying small group employer or nongroup subscriber more than two times what it charges its lowest paying small group employer or nongroup subscriber. In December of 1999, the rate band for the small group health insurance markets as well as the nongroup health insurance markets was to narrow to a 1.5 to 1 rate band. This law became effective on August 18, 1999.

Chapter 143
An Act Relative to Members of Financially Troubled Health Maintenance Organizations (HB 4848).
This law improves consumer protections by providing the Division of Insurance with the statutory authority to closely monitor a health maintenance organization's activities and ensure that the health maintenance organization's members continue to receive health coverage in the event that a health maintenance organization becomes insolvent. This legislation will enable the Division of Insurance to use the same administrative supervision, rehabilitation and liquidation powers over financially troubled health maintenance organizations as is available over commercial insurers. This law also requires that a health maintenance organization's health care practitioners be prohibited from billing patients for services when the health

maintenance organization does not pay its bills. Additionally, the law requires other health insurers provide coverage, without new pre-existing condition limitations, to health maintenance organization members covered by an insolvent health maintenance organization. This law became effective on November 24, 1999.

Chapter 155

An Act Relative to the Worcester Firemen's Relief Association (HB 4709).
This law authorizes the Worcester Fireman's Relief Association, upon the death of a member of the association, to pay to the member's beneficiary a sum not to exceed $10,000.00, as determined by a vote of the association. In addition, this legislation authorizes the payment, upon the retirement of any member in good standing, a sum not to exceed one half of the aforementioned death benefit, as determined by a vote of the association. This law will become effective on March 6, 2000

Chapter 168

An Act Relative to Group Automobile Insurance Plans (HB 4922).
This law waives the 35% participation requirement for all group marketing plans approved (under M.G.L. c. 175, §193R) and in effect during 1999. This law is necessary in order to ensure that group marketing plan participants experience uninterrupted access to insurance through their groups. This law became effective on December 30, 1999.

Regulations

211 CMR 55.00 – (Effective 8/6/99)

The purpose of 211 CMR 55.00 is to regulate all life insurance products with accelerated benefit provisions and annuity contracts with waivers of surrender charges for early withdrawals of annuity proceeds offered in Massachusetts. The provisions of 211 CMR 55.00 supersede Division of Insurance Bulletin Number SRB-94-4.

211 CMR 65.00 (Effective 9/3/99)

The purpose of 211 CMR 65.00 is to provide for full and fair disclosure of the provisions of long-term care insurance policies offered in Massachusetts and to promote the public interest by protecting applicants for long-term care insurance from unfair or deceptive sales and enrollment practices. 211 CMR 65.00 establishes minimum standards for individual long-term care

insurance policies and minimum standards for disclosure, marketing and agent training for both individual long-term care insurance policies and group long-term care insurance policies that are not employment-based. 211 CMR 65.00 is intended to facilitate public understanding and comparison on long-term care policies and to encourage flexibility and responsible innovation in the development of long-term care insurance.

211 CMR 66.00 (Effective 11/26/99)

This regulation sets forth the requirements for health insurance products offered to eligible small businesses under M.G.L. c. 176J. These amendments (1) incorporate changes necessitated by the enactment of chapter 61 of the Acts of 1999, which amends a section of chapter 176J and thereby maintains the existing "two to one" rate band requirements for small group health insurance plans and (2) correct a typographical error.

211 CMR 71.00 (Effective 9/27/99)

This amended regulation [71.10(8)] removed the requirement that the Medicare Carriers provide 60 days notice to the Commissioner of Insurance prior to the beginning of any open enrollment periods outside the required February-March open-enrollment period.

Bulletins

B99-01

On September 1, 1998, Chapter 129 of the Acts of 1998 and new regulations, 211 CMR 142.00, took effect in Massachusetts to govern the sale of insurance by banks. This bulletin provides guidelines to banks, agents, brokers, insurers, licensees and other interested persons on certain aspects of this new law and regulations.

B99-02

This bulletin reminds companies that inappropriate modifications should not be made to private passenger automobile policies by unilaterally substituting information obtained from sources other than the insured's application ("third-party information") without the prior consent of the insured.

B99-03

This bulletin requires that the Massachusetts Addendum to the "1999 Guide to Health Insurance For People with Medicare," must be provided along with the "1999 Guide to Health Insurance for People with Medicare" to

those people eligible for Medicare pursuant to Massachusetts regulations 211 CMR 42.09(4) and 211 CMR 71.13(2)(d)4.

B99-04

Chapter 61 of the Acts of 1999, in part, amended M.G.L. c. 176M, which governs guaranteed issue nongroup health insurance to eliminate the provision amending the allowable nongroup health insurance rating age rate adjustment bands that was to be effective for all nongroup guaranteed issue health plan rates December 1, 1999. This statutory change enables carriers to maintain a "2-to-1" age rate adjustment for nongroup coverage. As a result, carriers issuing or renewing guaranteed issue nongroup health insurance plans in the Commonwealth on or after December 1, 1999 may establish an age rate adjustment, but the value of the age rate adjustment may only range from "sixty-seven one-hundredths to one hundred and thirty-three one-hundredths."

B99-05

Chapter 61 of the Acts of 1999 amended M.G.L. c. 176J to eliminate the provision amending the small group health insurance bands effective December 1, 1999. This statutory change enables small group health insurance carriers to maintain a "2-to-1" rate banding for coverage issued or renewed on or after December 1, 1999.

B99-06

This purpose of this bulletin informs all issuers offering Medicare Supplement insurance policies and HMOs offering Medicare managed care plans that are subject to the provisions of M.G.L. c. 176K that such carriers must participate in a required open enrollment period pursuant to M.G.L. c. 176K, §§2(b) and 3(g), as well as 211 CMR 71.10(6).

B99-07

The purpose of this bulletin is to inform all issuers offering Medicare Supplement insurance policies and HMOs offering Medicare managed care plans that are subject to the provisions of M.G.L. c. 176K that such carriers must participate in a required open enrollment period pursuant to M.G.L. c. 176K, §§2(b) and 3(g), as well as 211 CMR 71.10(6).

Automobile Damage Appraiser Board

The Automobile Damage Appraiser Licensing Board, housed within the Division of Insurance, is responsible for the regulation of motor vehicle damage appraisers in Massachusetts. Four of five Board members are appointed by the Governor. The fifth member is appointed by the Commissioner of Insurance and serves as the Board's chair. The Board institutes and maintains standards for the conduct of motor vehicle damage appraisers. It conducts licensing examinations, processes applications and issues and renews licenses. Its members can suspend, cancel and revoke licenses following a hearing process that may result from complaints that are brought before the Board. The Board may also not renew licenses where allegations of misconduct exist. The Board sets licensing eligibility requirements, approves training programs and establishes license revocation guidelines.

In 1999, the Board and staff issued 160 new appraiser licenses and renewed 4,632 licenses. No licenses were suspended and none were revoked. As of December 31, 1999, there were approximately 4,800 licensed Motor Vehicle Damage Appraisers in the Commonwealth.
